ENHANCING VIDEO COLLABORATION

Logitech® solutions empower workplace collaboration. We help teams collaborate from anywhere, without compromising on productivity or continuity.

At Logitech, our goal is to make high-quality video meetings accessible and affordable to every business and every individual. We want to video-enable every meeting room, every workspace, and every home. This is the future of work. Work that is more engaging, flexible, and collaborative on any platform. Work that helps people make a real connection, wherever they are in the world.

Ensuring business continuity, employee welfare and workforce productivity are all top priorities for companies of all sizes. Logitech devices combined with your preferred cloud conferencing provider allow your team to safely collaborate and make quick business decisions through high-quality meeting experiences from any location.

Our people-first mindset is why we're loved by end-users and the first choice of IT leaders. With beautifully simple solutions designed and priced for scale, we continually raise the bar on customer experience.

RIGHTSENSE TECHNOLOGIES

Logitech RightSense™ proactive technologies automate and enhance the meeting experience.

RIGHTSIGHT™

Finds human silhouettes within the camera's field of view and automatically pans, tilts, and zooms to comfortably frame everyone in the meeting.

RIGHTLIGHT™

Optimizes light balance and color to prioritize the appearance of faces and render natural-looking skin tones, even in dim or backlit conditions.

RIGHTSOUND™

Improves voice clarity by suppressing background noise and echo, auto-leveling voices, and focusing on the active talker so that everyone can be heard.

VIDEO COLLABORATION EXTENDED WARRANTY

Purchasing a Logitech Extended Warranty provides an additional year of coverage that helps protect your investment, maximize its value, and ensure optimal performance of your Logitech conference room system for a total of 3 years.

Not available in all countries. Contact your reseller for more information.

ROOM SOLUTIONS

Designed for rooms of all sizes, Logitech Room Solutions include everything to build meeting rooms of virtually any size:

- ⊘ Ultra-HD Logitech conferencecam with motorized pan and tilt and RightSense technologies like auto-framing.

- ⊘ Logitech Tap touch controller.

- ⊘ USB-connected configuration with a mini PC, or an appliance-based configuration with popular video conferencing services.

- ⊘ Flexible mounting options and enterprise-grade cable management.

- ⊘ Central device management and AI-powered room optimization with Logitech Sync.

Certified for or compatible with leading video collaboration softwares, including:

Google Meet

Microsoft Teams

zoom

SMALL

The small room configuration with Logitech Rally Bar Mini delivers superior audio and video in a compact, all-in-one form factor. Clean cabling and flexible mounting options allow you to confidently deploy at scale.
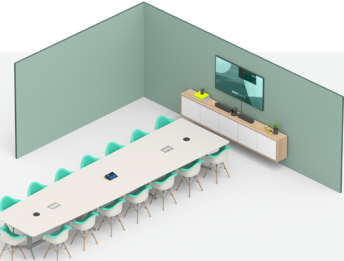

*Also available with MeetUp

MEDIUM

Experience brilliant optics and room-filling audio with the medium room configuration with Logitech Rally Bar, an all-in-one video bar purpose-built for midsize rooms. Clean cabling and flexible mounting options allow you to confidently deploy at scale.

*Also available with Rally

LARGE

Featuring the expandable Rally Plus conference camera system, the large room configuration combines easy management with outstanding coverage across a wide range of room sizes and layouts.

TAP

Video conferencing room solutions with Logitech Tap deliver calendar integration, touch-to-join, instant content sharing, and always-on readiness.

SYNC

Logitech Sync makes it easy to support large-scale video deployments while minimizing site visits and trouble tickets. Plus, Sync uncovers insights that lead to more efficient and productive meetings.

SMALL, MEDIUM, AND LARGE ROOMS

SMALL ROOM SOLUTIONS WITH RALLY BAR MINI AND TAP

- ⊘ Studio-quality audio and video, motorized pan and tilt, and AI-driven performance, optimized for small rooms.

- ⊘ Clutter-free cable management and multiple mounting options.

- ⊘ Plug and play with virtually any PC or Mac®, or run supported video conferencing applications on the device without a computer.

- ⊘ Enjoy one touch to join simplicity and wired or wireless sharing with the Logitech Tap touch controller.

MEDIUM ROOM SOLUTIONS WITH RALLY BAR AND TAP

- ⊘ Brilliant optics, room-filling audio, and AI-driven performance optimized for midsize rooms.

- ⊘ Clutter-free cable management and multiple mounting options.

- ⊘ Plug and play with virtually any PC or Mac, or run supported video conferencing applications on the device without a computer.

- ⊘ Enjoy one touch to join simplicity and wired or wireless sharing with the Logitech Tap touch controller.

LARGE ROOM SOLUTIONS WITH RALLY PLUS AND TAP

- ⊘ Cinema-quality video, modular powerful audio, and AI-driven performance optimized for large rooms.

- ⊘ Clutter-free cable management and multiple mounting options.

- ⊘ Plug and play with virtually any PC or Mac, or run supported video conferencing applications on the device without a computer.

- ⊘ Enjoy one touch to join simplicity and wired or wireless sharing with the Logitech Tap touch controller.

ROOM SOLUTION COMPONENTS

FOR ALL PC-BASED SOLUTIONS

MINI PC
Small footprint compute of choice from a variety of partners.

PC MOUNT
Secure PC and cables to walls and beneath tables with integrated cable retention.

FOR ALL LARGE ROOM SOLUTIONS

RALLY MIC POD HUB
Customize mic placement for your table shape. Rally Mic Pod Hub is optional for the small and medium room configurations.

RALLY MOUNTING KIT (FOR RALLY PLUS)
Position Rally Camera on the wall or near the ceiling. Low profile speaker brackets provide a "floating" appearance.

FOR LARGE ROOM APPLIANCE-BASED SOLUTIONS

ROOMMATE
Computing appliance with built-in video conferencing software support.

SMALL, MEDIUM, AND LARGE ROOMS

ROOM SOLUTION ACCESSORIES

TAP TABLE, RISER, OR WALL MOUNT

Secure Tap flat to the table, raise the viewing angle, or mount it on the wall to conserve space, minimize cabling, and optimize the user experience.

TV MOUNT FOR VIDEO BARS

Neatly secure Rally Bar Mini or Rally Bar above or below a TV or monitor.

WALL MOUNT FOR VIDEO BARS

Mount Rally Bar Mini or Rally Bar on the wall for minimal footprint.

RALLY MIC POD

Expand audio coverage and provide convenient access to mute controls. Compatible with Rally Bar Mini, Rally Bar, and the Rally System. Available in graphite or white.

RALLY MIC POD MOUNT

Hide cables and anchor mics on the table or ceiling for a clean, finished look. Available in graphite or white.

RALLY MIC POD EXTENSION CABLE

Add 10 meters of additional reach to the cabling of Rally Mic Pod or Rally Mic Pod Hub for larger spaces.

OTHER COMPONENTS & ACCESSORIES

RALLY FOR MEDIUM ROOMS

Modular conferencing system for mid-sized meeting rooms.

MEETUP FOR SMALL ROOMS

Plug and play video bar for small meeting rooms.
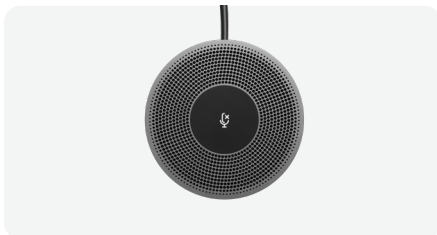

MEETUP EXPANSION MIC

Add-on microphone with mute control to extend MeetUp's audio range.

MEETUP MIC EXTENSION CABLE

10 meter extension cable for Expansion Mic for MeetUp.

MEETUP TV MOUNT

Mounting option for MeetUp ConferenceCam.

ALL ROOMS

SWYTCH

Logitech Swytch solves the compatibility objection to service-attached room solutions like Microsoft Teams® Rooms and Zoom Rooms. With Swytch, the room's AV equipment can be used with any video meeting, webinar, or streaming application: just launch the software on a laptop and connect with Swytch.

The room's conference camera connects to the laptop, delivering up to 4K broadcast-quality video. The same cable connects the laptop to the room's display, so everyone can see remote participants and shared content. When finished, simply disconnect the laptop to leave the room ready for the next internal or external meeting.

Swytch offers the same one-cable convenience in BYOM ("Bring Your Own Meeting") rooms without a dedicated computer. With its universal USB Type A + C connector neatly docked on the table, Swytch eliminates the multiple cables, adapter rings, and reset procedures that confuse users and generate trouble tickets. Swytch also provides up to 60w of power to laptops that charge via USB C.

RALLY CAMERA

Logitech Rally Camera provides the outstanding video quality and room coverage of the premium Rally Plus system, but packaged as the USB camera component for classrooms, multipurpose rooms, and other spaces with built-in audio systems. Equipped with an invertible wall mount and boasting expansive room coverage with automated PTZ, Rally Camera can capture an entire space in detail, while still offering the ability to focus on details—like the presenter, panelists, whiteboards or individual participants.
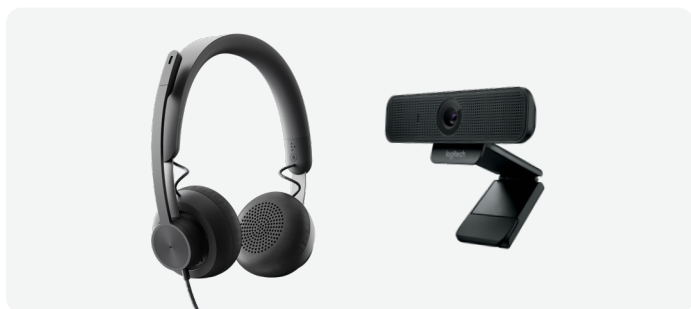

PERSONAL COLLABORATION SPACES
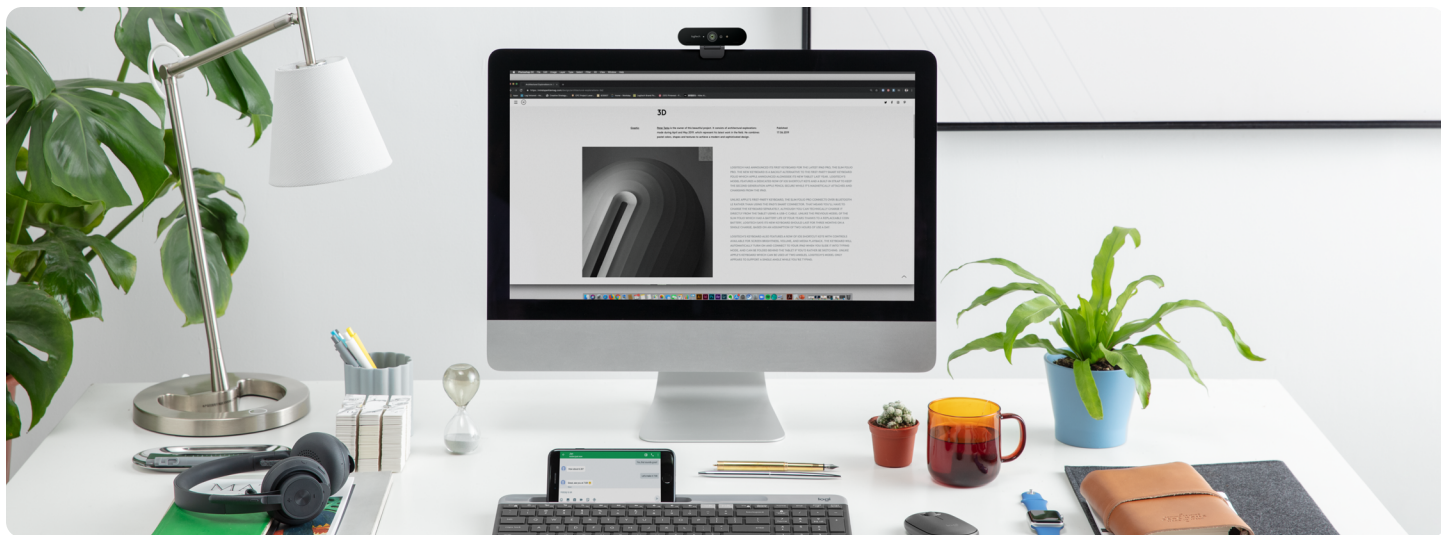

Making a video call in a personal workspace requires avoiding distractions and staying in control of what viewers can see. Logitech personal collaboration solutions can turn any desktop into an instant collaboration space.
